

WESTCOTT CRICKET CLUB JUNIOR SECTION 2011

PARENTS / GUARDIANS - PLEASE READ THIS AND TICK THE YES OR NO BOX BEFORE SIGNING BELOW

Club policy is for photos or videos of young people to be taken only with their consent and with that of their parent(s) or guardian(s). Any pictures Club officials take are solely for legitimate Club purposes in line with guidance issued by the England and Wales Cricket Board. If the pictures are published no individual will be identified by name. (Sometimes the Club may wish to publish a picture of a named child aged 12 or over: this is **NOT** covered by the current form and separate permission will be sought in all these cases, from the child and his/her parent.)

Anyone who becomes aware or suspects that images are being used inappropriately should inform the Club Welfare Officer (Alan Pickering; a.pickering@gold.ac.uk) immediately. It remains the responsibility of a parent or guardian to monitor photography or filming by persons other than Club officials. On this form 'Club officials' includes any adult authorised by the Club to take photos or videos. Check with the Club's Welfare officer if you're not sure who that is. Any adult so authorised will have been subject to a satisfactory CRB.

PARENT/GUARDIAN: Do you consent to adults, authorised to do so by the Club, taking photos, or video or other images, of your child pursuing Club activities and using those pictures (or any previously taken of him/her) on its website or in other suitable media, such as the local press?

YES NO
